** The future profit sharing ratio for old partners is not clear in the question

Note that for solving this question it is actually not required

In this question we only need the old profit sharing ratio

Sacrificing ratio not required as there is no Godwill

** There is no Goodwill in this question

There is no mention in the question

Working Note :

In this question partners have withdrawn the furniture

This is similar to drawings

In the normal drawings the partners withdraw cash. And here they are withdrawing Furniture.

Both the cash and Furniture are assets of the firm

Partners can make drawings in the form of any asset like cash, bank, furniture, vehicle, machinery, etc.

It is not necessary that the drawings should always be in cash

So the journal entry will be the entry for drawings
